The Professional Foams Exhibition

- **Interfoam** established in 2019, with the initial intention of creating a professional platform in exhibition industry without boundary, which focuses on the technological change and application innovation in foams, and provides opportunity for participants through the dimension of knowledge, technology, application, and business.

Interfoam creates an integrative product system with core services in exhibitions, conferences, media, awards, digital database, and expert database, which connects foams and application industry from several dimensions and thus establishes a professional service platform with high quality.

Follow Now:

Professional Media Platform “Foamer Alliance”

A platform which focus on knowledge, technology, and high-quality application of foam Industry

Golden Foam Awards, Focusing on Innovation and Development

The Awards aims to stimulate the development and innovation of foaming technology, explore the possibility of foams, and energize high-quality development in the foam industry.

Apply Now:

Virtual Expo

Virtual Expo cannot replace the "face to face" core value of offline exhibition. However, virtual expo can energize offline exhibitions with digitization and assist its value on obtaining clues, expanding business networks, and satisfying light requirements.

Access Now:

F2F Connecting

F2F Connecting is a high-value face-to-face meeting between exhibitors and visitors which will be matched and scheduled before the show opening. We help customers to promote new partnerships and potential business opportunities, and ensure efficient and professional participation for both exhibitors and visitors.
